Orlando Sanford Expands Service

Pan Am begins service with Baltimore-Washington International

Sanford, Fla., December 6, 2001 – Orlando Sanford International Airport (SFB) now offers non-stop service to Baltimore-Washington International Airport (BWI) on Pan American Airways. The service, which began Thursday, December 6, will operate daily except Tuesdays. With the addition of BWI, Pan Am now serves seven destinations from Orlando Sanford.

The schedule will be as follows: BWI to SFB departs at 9:40 a.m. and arrives at 12:05 p.m. Return service will depart SFB at 3:55 p.m. and arrive at BWI at 6:20 p.m. In addition to Baltimore-Washington, Orlando Sanford International Airport also offers scheduled flights on Pan Am to Allentown, PA; Bangor, ME; Boston / Worcester, MA; Chicago / Gary, IN; New England / Portsmouth, NH; and San Juan, Puerto Rico.

All scheduled service will use Pan Am's Boeing 727-200 reconfigured Clipper Class aircraft, which have had the total number of seats reduced from 173 to 149, providing more space, comfort, and increased legroom. Reservations can be made on-line at www.FlyPanAm.com, by telephone at 1-800-FlyPanAm, or by contacting your local travel professional.

Orlando Sanford International Airport is located near the Orlando attractions and is also convenient to Daytona Beach. Adjacent to the airport are the business communities of Lake Mary and Heathrow, part of Florida's "High Tech Corridor." Airlines and their passengers enjoy convenient parking, new terminal facilities, short walking distances, and low operating costs. Airports Council International (ACI) ranked SFB as the fastest growing North American airport in 2000, among airports with one million or more annual passengers.

For more information about SFB, visit the airport's website at www.orlandosanfordairport.com.
