Swiss Airline to Initiate Service to Orlando Sanford
Airport's First Service from Switzerland

Sanford, Fla., January 29, 2002 – Orlando Sanford International Airport (SFB) announced today that beginning May 4, 2002, Swiss airline, Edelweiss Air and Swiss tour operators, Kuoni and TUI Suisse will initiate seasonal non-stop service from Zurich, Switzerland. The charter flights will operate every Saturday between May 4, 2002 and October 26, 2002 using 313-seat Airbus A330-200 aircraft. The program is expected to bring approximately 8,000 Swiss visitors through the airport over the 6-month period.

Roberto Luna, Product Director-Longhaul for Kuoni Travel Switzerland remarked, "We selected Orlando Sanford as our airport for this new service because of convenience to our passengers, the ability to service and turn the aircraft around quickly, and economic advantages. We have been impressed with the cooperation shown by the Airport and its willingness to accommodate our needs."

Larry Dale, President of the Sanford Airport Authority, commented, "Bringing Edelweiss to the airport is significant for us, and we see more opportunities on the horizon." Larry Gouldthorpe, President of TBI Airport Management at Orlando Sanford added, "We have been working hard to attract carriers from continental Europe for some time now. We intend to earn their business every flight and provide their passengers with a launch pad to have a great Florida holiday."

Orlando Sanford International Airport is located near the Orlando attractions and is also convenient to Daytona Beach. Adjacent to the airport are the business communities of Lake Mary and Heathrow, part of Florida's "High Tech Corridor." Airlines and their passengers enjoy convenient parking, new terminal facilities, short walking distances, and low operating costs. The Airports Council International (ACI) ranked SFB as the fastest growing North American airport in 2000, among airports with one million or more annual passengers.
